STATE LEGISLATURE ADJOURNED FINALLY SINE DIE LAST NIGHT

After Long and Stormy Session Solons Decide to Go Home and Allow State to Run Itself

Columbus, Feb. 12.—The general assembly completed its work and finally adjourned without date at 11:30 last night.

No effort was made to reconsider the Smith cold storage bill and efforts to bring about reconisderation of the Evans utilities bill failed.

The attempt to reconsider the Evans bill, said by some to have been passed with a provision abrogating practically all public utility franchises and giving the state public utilities commission power to fix rates for all utilities, was made in the senate by Senator Beebe of Morrow county. A motion to reconsider the vote by which the bill had passed was ruled out of order on the ground that the bill was in possession of the enrollment committee. Senator Beebe then introduced a joint resolution directing the enrollment committee to return the bill. The bill by this time had been reported by the enrollment committee and had been signed by the lieutenant governor. Nevertheless, Beebe asked for suspension of rules in order to put the resolution on immediate passage. The motion received 15 affirmative votes to 11 against. It required 21 votes to suspend the rules.

An effort to reconsider the vote by which the probate judges' salary was defeated in the house last week failed.

SALEM SCHOOLS LEAD IN WAR SAVINGS CAMPAIGN

Salem schools lead the county schools by more than double the amount of money raised by any other school in the war savings campaign of 1919, according to the final report of the campaign received this morning by Superintendent J. S. Alan. Almost $50,000 was raised by the Salem schools, the report shows, which is more than twice the amount for the second highest school and about twenty times more than the school with the lowest record.

The Salem schools can feel proud that they have led through the campaign with such an excellent record, as none of the other schools in the county came within firing range of them in the drive for War Saving stamps.

The final report as received by Superintendent Alan this morning shows the following figures: Salem schools, $49,962.50, per capita, $26.18; the county schools were second with a total of $18,073.39, or a per capita of $1.63; the Lisbon schools were third with a total of $11,065, or a per capita of $12.02.

East Palestine schools came in fourth place and stepping upon the heels of Lisbon, showing a total amount of $11,010, and a per capita of $8.47; East Liverpool was fifth in line with only $9,346.07, and a per capita of $2.43; Leetonia was sixth with a total of $2,496.61, and with a much larger per capita than East Liverpool, showing $1.28 per student. The last on the list was Wellsville, with a total amount raised of $255.11, or a per capita of 19 cents.

INFLUENZA ON DECREASE

Influenza is on the decrease all over the county according to information given out Thursday morning from the health officer's office.

For Tuesday there were only 40 new cases reported for Salem and for Wednesday only 12 new cases were reported.

SALEM POOL ROOM CHANGES HANDS

Peter Stathis has sold his place of business, known as the Salem pool room, to Gust Stamas and Mike Theofonakes.

The new owners will open up this place for business Thursday or Friday. They will also remodel and repair the same and make it an up-to-date place.

OHIO IS FOURTH STATE ON GOLD STAR LIST

Washington, Feb. 12. — Ohio is fourth in the official gold star list of the states of the Union.

Publication by the office of the adjutant general of the army of a summary of casualties among members of the American e peditionary force shows that Ohio lost more of its sons by death than any other states except New York, Pennsylvania and Illinois.

Losses sustained by these four states were:

New York, 9,196; Pennsylvania, 7,898; Illinois, 4,266; Ohio, 4,082.

The total deaths in the American forces was 77,118.

AN EXCITING RUNAWAY

Lisbon, Feb. 12.—Mrs. Simon Stump, who lives two miles west of Lisbon, had an exciting runaway Wednesday afternoon on what is known as the Canton hill. She was on her way to town driving a horse hitched to a sleigh. Just as she started down the hill, the holdbacks broke, allowing the sleigh to run upon the horse's heels, and it started to run. It ran about a quarter of a mile, with the sleigh swinging from side to side on the icy road, and when near the home of Charles Corbett the sleigh overturned and threw Mrs. Stump out. Fortunately the shafts broke loose and the sleigh was not dragged any distance, or the results would have been serious. Mrs. Stump was not seriously injured. Charles White caught the horse, which had taken to the fields and had dashed through barbed wire fences and other obstructions. A basket of eggs and several vessels of milk were in a rather mixed condition when gathered up after the accident.

SCHLESWIG VOTES DANISH

Copenhagen, Feb. 12.—Latest reports as to the result of the plebiscite held yesterday in Schleswig show Denmark secured 72,733 votes against 24,793 for Germany. Only a few districts have not been heard from.

Drinkwater Tells How He Conceived Idea of Lincoln

"He belongs to the ages; not merely to America, nor to a period, but to the world."

This is the terse eulogy bestowed upon Abraham Lincoln by John Drinkwater, the English dramatist, author of the play bearing as a title the name of the Great Emancipator.

"To me he has always been one of the finest characters in history," says Mr. Drinkwater, "as well as the guiding and compelling figure in the critical epoch of a nations life. If Carlyle had written another chapter in his book on heroes, it must inevitably have been on Lincoln, the great public official. Of that he was the apotheosis. He stood for the complex moral idea of national unity and individual liberty; but the marvel and themiracle of the man was that he never lost touch with, nor thought of, the individuals that form the mass."

Describing the vision of Lincoln as he incorporated it in his play, Mr. Drinkwater continued:

"I saw him following his vision unswervingly—lonely, as the great always must be. I saw him accepting his great mission humbly, as an instrument of destiny; and, with superb force and direction—the compelling power of character—impressing himself on circumstance and events. I saw his infinite tenderness and understanding and the fine chivalry that recognized the gallantry of his enemy. I saw him as a man that treated war nobly and with imagination. And through it all I saw him going the way of dominion with a pitiful high heart. These are the things I tried to put into my 'Abraham Lincoln..'"

LATE FLASHES

Washington, Feb. 12.—House Republican Leader Mondell began clearing the way in the house today for action next on the conference report or rural road legislation. He predicts that the report will be adopted before the end of next week.

Washington, Feb. 12.—(Special.)—President Wilson's cabinet has been instructed that there will be no further meetings until ordered by the president, Secretary of State Lansing today stated that he had sent letters to all members of the cabinet transmitting these instructions.

Albany, N. Y., Feb. 12.—(Special.)—Governor Smith today granted the request of Chicago authorities of the extradition of Rose Pastor Stokes, millionaire Socialist, who is wanted to face an indictment charging her with advocating "revolution for the overthrow of government by force or other unlawful means."

CITY GAINED EVEN DOZEN IN NUMBERS LAST MONTH

A net gain of 12 in population for the month of January is shown in the report of the health officer read last evening at the regular monthly session of the board of health.

The report shows that the total deaths were 15, all white, 7 males and 8 females. Deaths occurred in the wards as follows: First ward, 5; Second ward, none; Third ward, 5, and Fourth ward, 5.

The record of births show that there was a total of 27 during the past month, 16 of which were females and 11 males. There were 26 white and one black, born in wards as follows: First ward leading with 11; Second ward, 4; Third ward, 8; Fourth ward 4.

Burials were recorded as follows: Grandview, 9; Hope, 5; Leitchfield, Ky., 1; New Waterford, 1; Salineville, 1.

For communicable diseases the report showed the following: influenza, 201; scarlet fever, 13; measles, 3; tuberculosis, 2; chickenpox, 1; diphtheria, 1; making a total of 221.

SEARCH FOR STOLEN RIG

A horse and buggy belonging to John Schmitt was stolen from Depot street near Main street, Wednesday morning and an effort is now being made to locate it.

The horse was bay color, weighing about 1,100 pounds, with a white spot on his forehead and lame in the left hind leg. The buggy had a top and was painted black with old time springs in the back and a yellow blanket in the buggy.

Chief of Police Thompson has communicated with nearby towns and giving the officials there a description and requesting them to be on the lookout for an outfit of the above description.

REQUEST BY PHYSICIANS

Salem physicians, who are being greatly overworked during the present influenza epidemic, in many instances working 16 to 18 hours a day, would greatly appreciate the consideration of the public if they would send in calls to the offices before evening, especially where parties have been sick for a day or two. If taken sick during the evening or at night, the evening call is necessary. In many instances parties calling during the evening are unable to get physicians, as at present the physician has his evening calls booked during the afternoon, and he finds it difficult to take on more work for the night. If the public will consider the physician in this regard, he will greatly appreciate their efforts.

Mrs. Jacob Maule

Mrs. Rachel R. Maule, 81, wife of Jacob Maule, died Thursday morning at 1:30 at the home of her daughter, Mrs. J. R. Haines, with whom she and her husband made their home, at Colerain. A few days before Christmas she fell on the walk at her home and injuries sustained in this fall are understood to have caused her death.

She had spent most of her life in the vicinity of Colerain. Prior to her marriage she was a school teacher and had taught in Germantown, near Philadelphia, and also in Columbiana county. She was a life-long member of the Wilbur Friends society.

Besides her husband and daughter two sisters survive, Elizabeth and Melissa Raley, of Colerain; Alfred H., J. R. and E. F. Stratton, of this city, are her nephews.

Funeral service will be held Saturday at 2 o'clock at the Friends meeting house at Colerain. J. R. and E. F. Stratton will probably attend.

Lady Warwick.

HISTORIC WARWICK CASTLE SOLD TO AMERICANS

Historic Warwick Castle, described by Sir Walter Scott as "the fairest monument on ancient chivalrous splendor," is about to be converted into a hotel by an American syndicate. According to reports from London Lady Warwick has sold the historic pile. Lady Warwick is said to be seeking election to the House of Commons as the first woman candidate of the Labor Party. She is a noted society leader and one of the most beautiful and photographed women in Britain. She was married to the fifth Earl of Warwick and has two sons and two daughters.

O. A. SIMPSON DIED SUDDENLY AT LANSING THIS MORNING

A telegram received this afternoon by J. R. Bustard conveyed the intelligence that O. A. Simpson had died suddenly at Lansing, Mich., this morning. The telegram gave no particulars as to the cause of his death. The funeral service will be Friday afternoon at 2 o'clock at Lansing. Mr. Simpson had formerly been a clergyman at the Protestant Episcopal church, but some time ago left the ministry and was engaged in the welfare work of the General Motors company. He was for a number of years rector of the Church of Our Saviour in this city, where he has a large circle of friends.

OFFER LODGE QUARTERS AS EMERGENCY HOSPITAL

Offering their home on Vine street for use as an emergency hospital any time it may be needed was the information conveyed to the board of health last evening in a letter from The Foresters of America. The board appreciated very much the spirit of the organization making this offer and voted an expression of thanks and appreciation for the generous spirit displayed.

It was stated that the board did not anticipate they would have to use the quarters for an emergency hospital as the influenza cases are subsiding, but nevertheless the board feels heartily grateful for the kind consideration of the lodge.

Dr. Schwartz reported at noon today that three local doctors had reported that they had received no new cases at all and that there were just 12 new cases in the city for the past 24 hours, thus showing a considerable decrease in influenza cases.

Stricken With Paralysis

Lisbon, Feb. 12.—Mrs. Frank Wolfli who formerly lived near Lisbon, was stricken with paralysis Wednesday at her home near North Georgetown.

ADDITIONAL KILNS PROPOSED

Constructions of two additional kilns, also a new glost and bisque warehouse at the plant of the Salem China company is being considered by the company, and although plans for this extension have been prepared they have not been approved. However, this approval is anticipated within a few days, and building will start as soon as weather permits. The Salem China company operates seven kilns, and a nine kiln plant is now proposed. The company is under the general management of interests associated with Frank A. Sebring, of Sebring.

THE WEATHER

Generally fair; not much change in temperature.

MINOR NEWS

LIVERPOOL CLAIMS 28,000

East Liverpool, Feb. 12.—East Liverpool's population under the fourteenth decennial census will reach approximately 28,000, according to estimates made yesterday.

LEGISLATOR RUN DOWN BY AUTO

Columbus, Feb. 12.—(Special.)—After taking with members of the automobile chase through the streets here at 45 miles an hour, William Olney, 20, driver for a local taxicab company was arrested for running down F. A. Hinchey, Tiffin, legislative representative from Seneca. He was injured about the legs and abdomen. Olney as placed in the city prison.

SEN. AKE OUT FOR CONGRESS

Canton, Feb. 12.—State Senator H. Ross Ake, of this city, Wednesday announced his intention of becoming an active candidate for the Republican nomination for member of congress from the Sixteenth district to succeed Roscoe C. McCulloch, who i in the race for the Republican nomination for governor.

WOOD WILL SEEK OHIO SUPPORT

Columbus, Feb. 12.—(Special.)—After talkin gwith members of the state legislature relative to the presidential candidacy of Major General Leonard Wood and informing them that there would be "a friendly campaign" for Wood delegates in Ohio, General E. F. Glenn, former commandant at Camp Sherman, left here for Chicago.

REDS THREATEN TROUBLE

Seattle, Wash., Feb. 12.—(Special.)—Forty-eight alleged Russian Reds being held in the United States immigration station here, are under heavy guard today following receipt by U. S. Immigration Commissioner Henry M White, of written threats to "tear down the house." The Russians are being held for deportation.

SUFFRAGE HANGS IN BALANCE

Washington, Feb. 12.—(Special.)—The federal suffrage amendment giving women the right to vote in national elections is trembling in the balance. Needing for ratification purposes seven more states out of a total of ten yet to be heard from—and many of these doubtful—it is beginning to look as only the heroic intervention of one or both of the big parties can save the measure from defeat in so far as the 1920 presidential election is concerned.

This intervention, it is believed here may ultimately come about, for with woman suffrage generally considered eventually inevitable and with some 16,000,000 votes dependent thereon, male politicians are prepared to resort to drastic measures to prevent their particular party from having to bear the blame of defeating the movement.

CHAUTAUQUA PLANS COMPLETE

Plans have been completed for the holding of a summer chautauqua in this city in June or August, the required number of guarantors having been secured. Those who are locally interested are arranging for a fine program and anticipate the most attractive season of this kind this city has ever seen. L. C. Close, representing the Redpath Lyceum bureau, who has been here the last two days working with the local committee, leaves this evening on his return to Columbus.

KOLCHAK REPORTED KILLED

London, Feb. 12. — (Special.)—Efforts are being made to obtain confirmation of a Copenhagen dispatch to the Daily Herald, organ of the labor party, saying that Admiral Kolchak, commander of the anti-Bolshevik forces in western Siberia, has been put to death by his own troops. According to the Daily Herald dispatch, the execution was carried out despite a wireless plea for mercy sent by the Moscow soviet.

MAYOR REAPPOINTS HEALTHERS

All old members of the board of health with the exception of one vacancy which is yet to be filled, were reappointed as members of the board by Mayor John W. Post, last evening at the meeting of the board of health. The old members receiving re-appointment are: West, Yengling, Terry and Schiller. The vacancy which occurs on the board will be filled by an appointment by Mayor Post which will be presented to the council for approval. Mayor Post stated that at the present time he did not know whom he will appoint to fill this vacancy.

HEALTH OFFICER GIVES SANGUINE REPORT AS TO LOCAL CONDITIONS

Praises Physicians for Prompt Reporting and Warns People Against Premature Relaxing of Health Precautions

In his regular monthly report on health conditions to the members of the board of health at its regular meeting last evening Dr. R. M. Schwartz stated that January past did not compare with former Januaryys in the number of communicable diseases. This, it was pointed out could be accounted for in part by the fact that the public health work of the entire state has suffered by trassition of the health administration in all counties except the large cities.

An unusual number of scarlet fever cases and measles over the state have been reported. The aspect here was quite alarming about two weeks ago, but during the past ten days the situation has been considerably improved.

The influenza situation here is practically the same as in most localities, and there is no community free from the disease. While Salem has its share of the cases, the number is due possibly to the fact that local physicians were very prompt on reporting all cases.

At the present time no closing action is contemplated. The schools, it is stated, are co-operating splendidly with the health board and have done all in their power to keep the public protected from the disease

Dr. Schwartz states in his report that he feels it is not advisable for people to congregate unnecessarily. In some quarters it is generally believed that because the influenza has not been fatal in many cases precautions against it are unnecessary as before, but the death rate is high even if only one death results, the health officer points out. An effort should be made, it was stated, to prevent the spread of the disease ,and thus keep down the death rate, as even one life is worth saving.

POMERENE MAY BE COMPROMISE CANDIDATE

Senator Atlee Pomerene will not become a candidate for the Democratic presidential nomination, according to the Cleveland Plain Dealer, quoting sentiment expressed by some of the senator's friends in Washington. The Cleveland report says that within the next few days, Senator Pomerene will make a public announcement of his intention to forbid the use of his name on the Ohio primaries ballot.

But refusal on the part of the senator to enter an active campaign in the state, will not mean, necessarily, the dismissal of the senator's boom, the report states. It is probable that the San Francisco convention will turn to Senator Pomerene as a compromise candidate.

ASK MOUND STREET SEWER

Discussion on the lack of sewer facilities on Mound street held the attention of the members of the board of health last evening for a short time. Complaint has been made because that street has not been sewered and a number of property owners are asking for the installation of a sewer.

The property owners were directed to have the city solicitor draw up a petition and to present this to all the property owners along Mound street and if possible secure their signatures. After this has been done the petition is to be presented to the city counoil for approval.

FARMERS QUESTION RIGHT OF LABOR TO STRIKE

Washington, D. C., Feb. 12.—Denial that any group of organized workers possess an inherent right to strike is contained in a memorial to congress formulated yesterday at a conference here of representatives of the four large farmers organizations, the National Grange, the American Farm bureau, the Cotton States board and the Association of State Farmers.

Teachable Facts About Bolshevism and Sovietism

Attorney General Newton Urges Anti-Red Move

(BY C. W. SHUMWAY)

Charles B. Newton, attorney general of New York, told the House Judiciary Committee, which is considering anti-sedition legislation, that stringent laws and strict enforcement will not curb radicalism, but that education must walk hand in hand with the law.

One—Education was needed to combat the principles of spreading Bolshevism in America.

Because many of our loyal workmen are ignorant of the labor organizations when they sign their membership.

Two—Educate our American workmen and aliens alike; this present unrest is not caused by economic disturbances.

Three—Our workmen, generally speaking, are saving more money than at any time in the period of American history, and in proportion to the cost of living are receiving the highest wages ever paid in this country.

Let us advertise our propaganda so well that those strike agitators who make money out of it, and who come into the community, will be up against workmen who will know the truth in advance of their coming. Let's do the work so thoroughly that in time we won't be put in a position of having to answer lies, but will have told the truth to labor so well that they will detect a lie when they hear it first recited.

And crooked agitators, when that state of affairs comes to pass, will address falsehoods to enlightened workingmen in peril of their lives.

Let a few of these disloyal men get their medicine and their strikes won't be so popular and their strike leading so lucrative a calling. Let's tell the truth to both public and employes at the same time.

Four—Nine-tenths of the present epidemic of strikes is the result of a widespread campaign, headed by skillfull propagandists, whose sole object is the disruption of the present social system. Their campaign of slanderous mis-representation, intended to cause suspicion and class hatred, is being vigorously waged throughout every city, village and hamlet in the United States.

Five—Don't let us sit back and wait for "George," in the shape of the United States Government, TO DO IT.

Six—The Government will surely have to handle some of the big strikes which have grown to such proportions that they will perhaps have to be fought out to a finish sooner or later. But don't forget that the big strikes are based on a multitude of little strikes that are taking place all over the country all the time. The regular thing to do is to meet arguments with arguments, and to spread these arguments broadcast, so a new idea will be driven into the heads of the American people.

Seven—All the while nothing is being done to meet the advertising drive of radical agitators, to save loyal labor as well as ourselves from what they are driving us towards. They are getting results and we are letting them get away with it.

Holland has suggested that the former Kaiser be interned, and the suggestion leads the New York Evening Post to offer the Peace Palace at The Hague as the place for the internment. As there has never been any other use for that ambitious structure it might be made over into a cage for the Wild Man of Potsdam.

In agreeing to accept certain reservations as to the peace treaty President Wilson appears to have recognized that good old rule in force on single track roads by which trains on occasion had to back up once in a while, a process he had never before seemed to understand.

It is not necessary to burn the barn of our governmental structure to get rid of the rats of treason but the loyal spirit of the citizens of this Nation will drive out the pests just the same. The people in whom Lincoln trusted in the darkest days of the Civil War are still on the job.

Congress is having a hard time to put into legal expression the determination of the American people that foreign-incited sedition shall be throttled, but the people will see to it, no no matter what Congress does or does not do.

WASTE ENERGY IS ONE ARTICLE FROM WHICH WE OBTAIN NO BY-PRODUCTS

And yet there are tons (if it can be measured that way) going to waste every day. Efficiency experts, engineers and chemists are paid large salaries by factory and mill owners to be shown how to utilize by-products and make labor saving machinery, sometimes at an enormous expense. Managers with foresight knows it will pay in the end.

More energy is wasted by strained vision than any other defect of the body. Dr. McCormic claims 85 per cent of all our ailments are due to overtaxed eyes. Better think this over and have your eyes examined by a thorough optometrist.

DEATHS AND FUNERALS

Lawrence Hilliard

Following an operation from appendicitis, Lawrence Hilliard, 38, former Salem boy, died at the Massillon State hospital yesterday afternoon. Two days ago Mr. Hilliard was operated on for appendicitis and recovered from the operation nicely, but peritonitis set in and resulted in his death yesterday.

Mr. Hilliard was born in Perry township on the old Hilliard farm on the Franklin road, June 15, 1881, and practically all his life has been spent in and near Salem. Five years ago he secured a position on the farm of the Massillon State institution and since that time has had charge of the farming there. He was unmarried.

When word was received of his operation his sister, Mrs. Ida Thoman of Niles, went to Massillon, and was at his bedside when he passed away. He was a son of John and Sarah Hilliard.

Surviving is the mother, Mrs. Sarah Hilliard, who lives at the home of Mrs. Thoman at Niles; one brother, Sam Hilliard, living four miles south of Salem; two sisters, Mrs. Susan Ealy, of Madison, and Mrs. Thoman of Niles.

The body will be brought to this city this afternoon and funeral arrangements will be announced in tomorrow's edition.

Funeral Notice

Funeral service for the late Mrs. Urid Hannay, of Youngstown, will be held Friday afternoon at 2 o'clock at the home of David Hannay, East Fourth street. Interment will be in Grandview Burial park.

Funeral For Mr. Klose

Mrs. A. Steuhringer, of Cleveland, Mrs. Cletus Weaver and William Brendt, of Canal Dover, were those from out of town who attended the funeral service for the late Karl A. Klose, of Euclid street, at the home Wednesday afternoon. Rev. B. E. Rutzky, pastor of Emanuel Lutheran church, officiated.

Sherman Elliott

Columbiana, Feb. 12. — Sherman Elliott, 32, died here Wednesday afternoon at 3:40 following a severe attack of influenza and bowel trouble.

Deceased was born and reared in Pennsylvania but had resided in this place for more than four years and a half. He was interested in the Monumental works here with his father T. H. Elliott.

THE UNIVERSAL CAR

To the business man, retail or wholesale; to the manufacturer; to the commission man; to the trucking company, the Ford Model T One Ton Truck makes an irresistible appeal because it has in its chassis all the merits of the original Ford car; the wonderful Ford Model T Motor, the dependable Vanadium steel chassis, and the manganese bronze worm-drive. A strongly built truck that serves satisfactorily and lasts in service. If these statements were not true, the demand for Ford Trucks wouldn't be so constantly on the increase. We will be pleased to take your order for one or more Ford Trucks, will see that you get reasonably prompt delivery, and will give you an after service that insures the constant service of the Truck. But don't wait too long. Get your order in promptly.

The KITCHEN CABINET

COOKERY FOR THE CONVALESCENT.

Economy and variety may perfectly well go together—the better the cook, the greater the economy. Economy means getting full value for the expenditure, whether it is money or time.

In the majority of homes the care of the sick falls upon the people in the home as one cannot always get a nurse or pay for one.

The greatest care should be taken in the selection and care of food for the sick. The first requisite is cleanliness.

The patient should have as much of a variety as possible, as those who are ill have poor appetites and tire of sameness in food much sooner than those who are well.

The physician's orders should always be followed and no new food should be introduced without first inquiring as to wisdom of the change.

Those recovering from fever have an abnormal appetite which cannot be satisfied with safety. Many have lost their lives by being allowed some food which was craved, but which the patient could not digest.

The liquid diet may be varied in such a manner that it never becomes monotonous. In beginning a more solid diet care should be taken to have the change very gradual.

Chicken Panada.—Remove the skin and every particle of fat from the breast of a chicken. If the fowl is a large one half of the breast will be sufficient. Place in a saucepan with enough water to cover and simmer slowly for two hours, or until the meat is very tender. Take it from the broth and cut it into small pieces, then press through a sieve, using a large spoon. Add the broth to the chicken, season to taste with a bit of salt. Add four tablespoonfuls of cream and bring to the boiling point. Serve in a pretty bowl with crisp bits of toast cut in fancy shapes.

Meat Pate.—Scrape with a small tin spoon a piece of beef cut from the round. This removes the tender meat fibers and leaves the connecting tissue which is tough and hard to digest. Press the scraped beef into a flat cake and broil in a smoking hot pan or toast on a fork over coals. Season it to taste before making it up into balls. Serve on triangles of toast garnished with parsley.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, wavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

MICHAELS-STERN VALUE-FIRST CLOTHES

A Cold Blooded Drama in Two Acts

Act one: Smith, a prominent druggist steps out of his steam heated home into a 60-mile hurricane. "Looks like good cough syrup weather" he remarks to himself as he turns up the collar of his light weight overcoat.

Suddenly a wild chill cuts like a knife into his very being—that night Smith leaves the store early with a bottle of his own medicine.

Act two: Smith back on the job back of the counter—his cold has vanished so has his cold blooded coat.

Customer enters and between coughs calls for quinine.

"Take one every two hours until relieved," advised Smith, "and on your way up town better stop into Bloomberg's and buy yourself a good coat—that's how I cured mine."

Michaels-Stern Greatcoats

Miss Swenningson Entertained

Miss Marie Swenningston entertained a number of friends at her home on Maple street Wednesday evening in honor of Miss Hazel Devenne. The home was prettily decorated in tones of red and white, and small red hearts and other valentine novelties were used to a pretty effect. An elegant two-course lunch was served, at which red flowers formed the centerpiece. Miss Devenne was the recipient of linen and silverware. Miss Devenne is the bride-elect of Richard Hutchison.

SEEKS ABANDONED BABIES

New York, Feb. 12. — (Special.)— Mother love will never succeed in reuniting the family of the three babies one of whom was deserted in this city and another in Youngstown, for it was learned today that the tiny waif who was abandoned here is dead.

A letter signed "A Mother" was received by the New York American asking its readers to help her find her deserted babies. The three weeks old infant that was left in care of a housekeeper here died later of malnutrition.

The baby abandoned in Youngstown was adopted by a prominent family of that city. "A Mother" did not reveal her name. The writer said that a third baby is still with her. She declared the war had caused her unmotherly actions.

In Youngstown the couple deserting the baby used the name of "Ritter." The name "Klein" was used in this city.

SCIENCE HAS AGAIN COME TO THE RELIEF OF MAN by making possible an artificial means of relieving eye-strain. It has taken years of time and patient study to accomplish this.

Common sense teaches us to remove the cause of any trouble and the results or symptoms will automatically cease. The symptoms that arise from eye-strain can ONLY be removed in one way, i. e., remove the excessive nervous strain on the eyes, caused by a faulty focusing apparatus.

There is but one way to remove the excessive strain and that is by artificially making the eyes normal with the proper glasses. That is what we are here for.

Stolen Fruit.

In how many things is each day like its predecessor? And in how many things are this year's days like the days of ten years ago—or longer?

Just think of this in your own routine and habits. Then, if you wish to have an interesting experience, see in how many ways you could change this monotony and sameness without disadvantage and with positive advantage in many cases — and then make the change.

True, it will come almost as a shock, the realization that many confirmed habits, customs, viewpoints have been and are time wasted, strength wasted, money wasted, useless and needless drains and strains. And if you are sincere and determined in the conversion of your mode of life in the daily little things, you will be astonished to find that some of your most cherished customs are the most reasonless.

The discipline of changing will be good; the resulting saving of time will be better.—Exchange.

Absence Sometimes Evidence of Tact

Sometimes it's an evidence of tact when people absent themselves. Only big people can do it. Children and childish adults have to hang around with open mouths and staring eyes lest something escape them. They are the omnipresent nuisances that make you want to tell them things. Really big people can afford to let others do a few things without permission. What others do ought not to detract vitally from what you do unless what you attempt is so small that it takes little to overshadow it. Besides it's only fair that others should have an opportunity of showing what they can do. The world will think more of you if you give it a chance to pass judgment on its efforts. And what is more mere obstruction won't stop things anyway. The best way to make things popular is to furnish sufficient unjust opposition. The persecution occasioned makes friends for the other side. —Exchange.

Easy to Take This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about $2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

SAYS THE DRUG IS AN ETHER COMPOUND

Just a Few Drops Loosen Any Corn So It Lifts Out Without Pain

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from ones feet.

A few drops applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, can be lifted out with the fingers without pain.

This new drug called freezone is an ether compound discovered by a Cincinnati man, who says that while freezone is sticky it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but cut this out and make him try it.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practioner.

DR. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefitted by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1839
Began the manufacture of his famous prescription in 1892

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

TO MARK LINCOLN HIGHWAY

The Lincoln Highway association will mark the Lincoln highway through this county early in the spring. New markers have already been placed from San Francisco to Omaha, and about April first a marker truck will start from New York to work west. The association furnishes the trucks, men and markers, but asks the local community to bear part of the expense for labor. It is probable that this county's share will be paid out of the road fund.

Shouldn't there be an amendment to the constitution making crap shooting a federal offense?

Woman 80 Years Old

Says she owes her wonderful health to Vinol, our Cod Liver and Iron Tonic.

Wooster, O.—"The grippe left me in a weakened, run-down condition. Doctors had given me their best tonics without effect. As I have depended on Vinol to build me up every spring for the past nine years with such good results, I tried it. My appetite improved, my strength came back so I am not only taking care of my household duties, but direct the management of two large farms. I tell all my friends to use Vinol when they need strength."—MRS. MARTHA SICKLES.

Women who are run-down, nervous, lack energy and working strength should take Vinol as it contains Beef and Cod Liver Peptones, Iron and Hypophosphites, the very elements needed to restore a lost appetite, enrich the blood and create strength.

CAMPAIGN TO ENLIST NURSES

New York, Feb 12.—A shortage of 40,000 trained nurses exists in the United States, according to the national organization for public health nursing. The organization which provides information on courses in public health nursing, today started a campaign to interest young women in the profession in the hope of enrolling 60,000 workers. It was declared that men have become "experts at cooking and sewing but nursing is wholly a woman's job."

TESTING REVEALS WINTER SEED CORN INJURY

Considerable anxiety is manifested over the seed corn situation as shown by letters sent the Ohio Experiment Station. This is due to the exceedingly cold weather throughout January, as freezing weather nearly always lowers the germination test of seed corn.

The situation is not so acute as during the spring of 1918 when much of the seed corn had been injured by early December, 1917, zero weather. At that time the moisture content was so excessive that the freezing quickly destroyed the corn germs.

Seed corn stored last fall on the average had a low moisture content so that heavy freezing throughout the winter may not have done severe damage.

Careful testing of seed corn is the only way that farmers will be able to tell whether their seed has been damaged or not. Specialists point out that to conduct a complete test six grains should be removed from each ear and checked up, so that any ears showing a poor test or weak germination may be discarded.

SIMS' STAFF TO BE CALLED

(Washington, Feb. 13—(Special.)—Senators investigating the operations of the Navy department will permit Admiral Sims to have the members of his staff in charge of the various departments under him during the war to appear as witnesses according to an announcement made today.

Secretary Daniels told the committee he would not call officers to make a case for Admiral Sims against the department." The officers will be called as witnesses. The secretary has expressed himself to the committee as ready to call all witnesses whom the committee wishes to hear.

Another Enlistment

STATES VOTE ON SUFFRAGE

Washington, Feb. 11.—(Special.)—Today Idaho will cast her vote for or against national suffrage. Tomorrow Arizona's legislature in special session will do likewise. On Monday New Mexico will follow suit, and though none of these states is considered a certainty the national women's party here is hopeful. Oklahoma will vote next, Governor Robertson of that state having been urged to call a special session of the legislature for February 23.

HOUSTONIA AIDS NATURE'S OILING OF ACHEY JOINTS

When joints twinge and throb and pain it's sure that nature has been unable to keep the body in proper trim. Then the thing to do is give nature a help and yourself relief with a gentle massage of Houstonia. This soothing liniment penetrates to the very cause of the trouble and quickly ends your pain.

Your home should never be without Houstonia, the wonderful remedy that is more than an ordinary liniment. Houstonia relieves not by counter irritation but by penetration to the source of pain in a way that makes relief permanent. It also contains special antiseptic ingredients of unusually healing qualities found in no other liniment, and is the safest remedy you can use on cuts, bruises, burns, scalds and all sore spots. Ask your druggist for House-tone-e-ah (The Original Jones' Liniment) with Dr. Jones' picture on the yellow label. 25c, 50c and $1.00. The Dr. J. C. Jones Co., So. Charleston, O.
